LIFE EVENT

One day, a group of animals decided it was very important to do something to address the problems of the New World. So they founded a school and decreed that the subjects they should teach all animals would be running, climbing, swimming, and flying.

The animals that participated in the school were the duck, the rabbit, the squirrel, and the eagle.

Although before entering school all the animals had a point

Their strengths and weaknesses lay in the fact that the difficulties they encountered in other subjects caused them to perform worse in their strongest areas. Thus, their desire to cover too much led them to neglect the remaining subjects, resulting in disastrous outcomes and poor grades in those subjects where they had a weakness.
innate talent.

WE SHARE:

1. What is the problem that occurs with the animals?
2. How would you organize the subjects so that they are taught effectively?
3. In your home, does everyone fulfill the same roles and responsibilities?
4. We observe the Church; all of us who make up the Church have the same responsibilities?

THE WORD OF GOD

"There are different kinds of gifts, but the Spirit distributes them."

of ministries, but the Lord is the same; and diversity of actions, but

God is the same God who opens everything in everyone. To each one, it is granted.

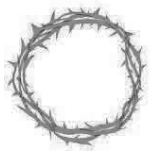

the manifestation of the Spirit for the common good: to one is granted through the Spirit, a word of wisdom to another

word of knowledge according to the same Spirit; to another faith in the same Spirit, to another gift of healings; to a power to work miracles, another prophecy, another discernment of spirits; to a diversity of languages; to another interpretation of languages. But all these things are the work of one and the same Spirit, and he distributes them to each one, just as he determines. (1 Corinthians 12:4-11)

WE FOUND OUT:

1. Does the Holy Spirit distribute the same gifts and charisms to everyone?
2. What gift do you feel you can share in the community?
3. Is it good that each person in the Church has different responsibilities? Why?

WEEKLY GOAL

The Creed

It is a summary of the truths that God has revealed to us and that we do not can be demonstrated.

Just like the day you were born; you have to believe it because your parents have He said it was that day. It's absurd that they deceive you, and therefore you accept it.
